MAY 2015

Rebates now offered for Air Conditioner Tune-ups

Fort Pierre, SD – Warmer weather is on the way, so now is the time to get your cooling system ready for summer.

Fort Pierre Utilities now offers a \$30 rebate when you have a contractor tune up your central air-conditioner or air-source heat pump. As part of the service, a contractor will clean coils and drains, check the refrigerant charge and belts, and inspect the entire system, including fins.

Having your cooling system tuned up helps ensure it is working as efficiently as possible, and helps prevent future problems and unexpected costs.

Through its Bright Energy Solutions® program, Fort Pierre Utilities offers a variety of cash incentives to customers who install energy-efficient equipment such as central air conditioners and heat pumps, as well as ductless mini-split systems. Rebates are also available for programmable thermostats, as well as variable speed motors in new furnaces or air handlers.

To learn more about the variety of rebates available to residential and business customers of your hometown utility, call 605-223-7690 or visit www.brightenergysolutions.com.

Bright Energy Solutions is a unique portfolio of energy efficiency cash incentives that help residential and business customers reduce their electric energy costs and operate more efficiently. The program is offered to customers of participating municipal utilities who are members of Sioux Falls-based Missouri River Energy Services.

###

Tune-Up for Summer and get \$30 back.

Bright Energy Solutions® Central A/C or Heat Pump Tune-Up Rebate Form

Let your favorite heating and cooling contractor tune-up your residential central air conditioner or air-source heat pump and get \$30 back from your local participating municipal utility.

Tune-Ups:

- Help to cut your cooling bills.
- Extend equipment life.

TO BE COMPLETED BY CUSTOMER AND CONTRACTOR

To receive your rebate, please fill out this form completely, and mail or email (rebate@brightenergysolutions.com) to your participating utility (listed on the back) with a copy of your bill from the contractor. Contractor must sign this form. **Incomplete information will delay or disqualify your rebate.**

Has it been at least 2 years since you last applied for a rebate to tune-up this system? Yes No (If no, you are not eligible for a rebate this year.)

Apply for your rebate...it's easy!

1. Have your favorite contractor complete the tune-up.
2. Complete this rebate application form. Contractor must sign form.
3. Mail or email completed form to your participating municipal electric utility, listed on the back. Include a *completed form* and a *copy of your dated sales receipt*.

This rebate offer is good for tune up of residential central air conditioners and air source heat pumps only. This offer is available to customers of participating municipal electric utilities listed on the back of this form. Customers may only receive one incentive per piece of qualifying equipment in any 2 year period. Rebate applications must be postmarked within 30 days of tune up completion.

This rebate program is reviewed and authorized each year for incentives that are available from January 1 through December 31. Due to limited funding, this rebate offer is available on a first come, first served basis, and can be changed or withdrawn at any time without notice. The utilities do not warrant the performance of installed equipment expressly or implicitly. Offer is subject to change without prior notice. Void if copied or transferred or where prohibited by law. One rebate per product purchased. Not responsible for lost, late, or undelivered responses. This form has no cash value. Please retain a copy of it for your records.

Any use of this rebate or form except as described herein constitutes fraud. Fraudulent submissions could result in federal prosecution under U.S. Mail Fraud Statute (18 U.S. Code, Section 1241 and 1242). Please dispose of used materials in an environmentally friendly way.

If you do not receive your rebate within eight weeks of mailing, please call your participating utility listed on the back.
